INKMAKER GROUP

Ink maker Group, is a global technology leader headquartered in Italy—focused on reliability.

The Group's core business is in the paint, coatings and ink industry, offering design and manufacturing through to complete engineering studies and turnkey solutions of:

- Customised plant engineering and software design
- Highly accurate automated dispensing
- Process equipment from bulk handling to filling lines
- POS equipment
- And other related services

Which we conduct through the use of:

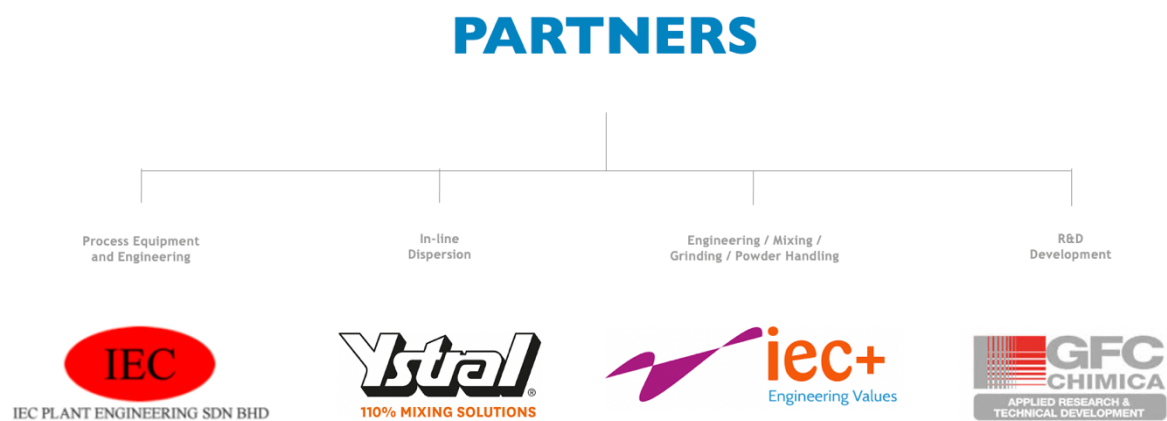

- Cloud connectivity
- Industry 4.0
- Ink transfer system
- Increased SAFETY and reduction of ENVIRONMENTAL IMPACT.

The group's proprietary software and systems, manufactured in 3 continents, guarantee highly accurate colours consistently, precisely and instantly. The Ink maker group operates in over 15 countries throughout 5 continents.
